Market Information Circular

Circular number:	2008-13	Contact:	James Sampson - VP Trading & Market Operations
Date:	April 3, 2008	Telephone:	212-897-0235

Subject: Introduction of account category Customer – Professional

As of March 31, 2008, the International Securities Exchange (“ISE”) has added a new account category called “Customer-Professional.” This account category may be used on a voluntary basis by non broker/dealer customers.

Orders designated with this account category will be eligible for Inter-Market Linkage similar to public customer orders, but will participate on executions at the ISE according to the broker/dealer pro-rata execution methodology. Such orders will also be subject to broker/dealer transaction fees, but will clear at the OCC as account type “customer.”

Please note that orders entered using the Customer-Professional account category will not be subject to the ISE’s cancelation fee.

For more information, please contact Market Operations at 877/473-9989, or email helpdesk@ise.com.
